

Tribute tile photo and text guidelines

hope, community, understanding | firstlight.org.au

Thank you for ordering a tribute tile for the upcoming Camp Widow® Australia. We are excited to begin the process of creating your tile.

Each tile measures approximately 9cm x 9cm and will be displayed on our Wall of Love - a portable display that will be moved to different locations throughout the Camp weekend.

The tiles will be available for collection at the farewell brunch on Sunday.

Please send your photo and text ASAP, and no later than Friday, 3 May 2024.

Please send your photo, text and questions to memorial@firstlight.org.au.

Photo guidelines

High resolution, large photos produce the best results.

Photos are cropped to fit a square template, so please consider this when choosing your photo. There is no need for you to crop the photo prior to sending.

Small resolution photos or those that can't be cropped square may have a border added.

When sending your photo through your email program, please ensure you select 'actual size', so the quality of the photo is not reduced.

Text guidelines

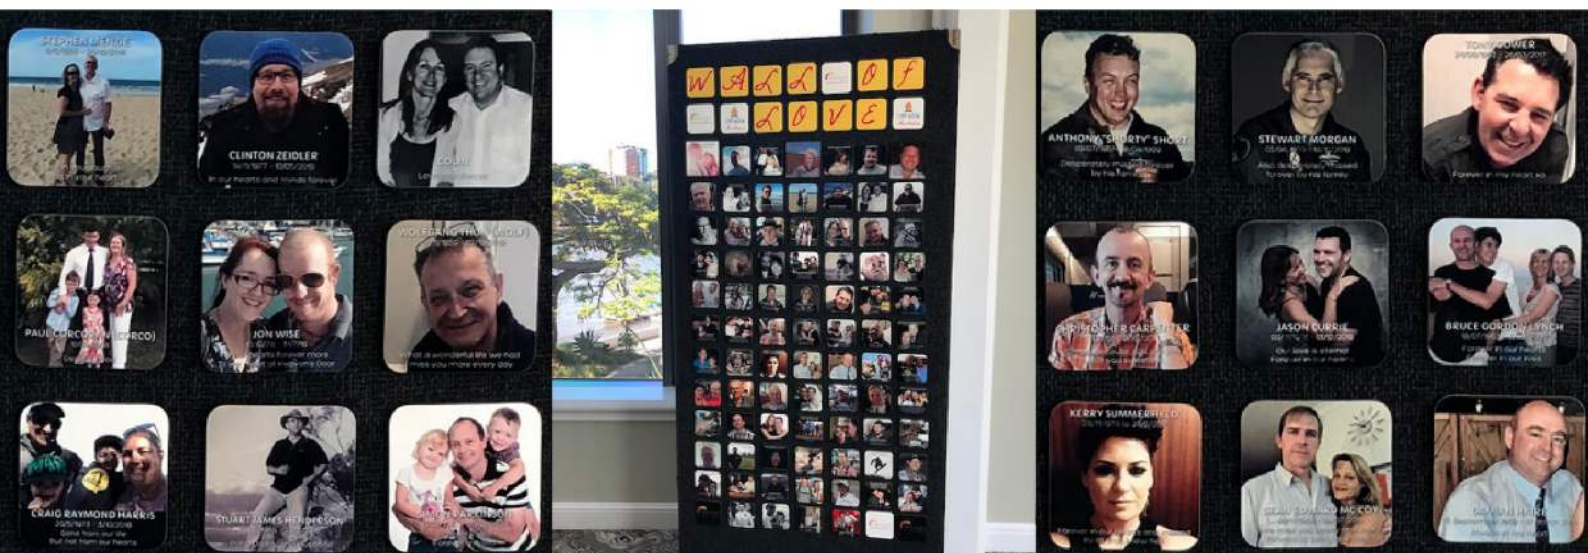

It is up to you what information you provide in terms of text (eg. some may not include the dates; some may include only one line of text, etc.). Text position and colour will be chosen by our team to suit your photo. The standard layout is as follows:

Line one: name (this may be full name, first name, nickname)

Line two: dates (dd/mm/yyyy - dd/mm/yyyy)

Line three: free text – maximum number of characters including spaces is 32

Line four: free text – maximum number of characters including spaces is 28

Images from our 2021 Wall of Love - 2024 tiles and display may differ.
